

RELEASE AND AUTHORIZATION

I, _____, parent/guardian of _____, understand that participating in track and field, just like any other athletic endeavor, may cause my child to sustain an injury. Knowing and understanding that there may be a risk of injury to my child, I authorize my child to become a member of Boston United Track and Cross-Country Club (Boston United) and to participate in practices and track meets as a member of Boston United.

I agree to hold Boston United harmless for any injury that my child may sustain while participating in practices or track meets as a member of Boston United and release Boston United from any liability that my child may sustain unless the injury is the result of any malfeasance on the part of any coaches or administrators of Boston United.
